HUZAIFA ASHFAQUE

Full Stack Developer

EXPERIENCE

Software Developer

AlfaSoft

Febr(2024) - Present

Designed and developed a comprehensive restaurant module encompassing order management, menu customization, table reservations, and customer interactions. Implemented features for streamlined operations, including table layouts, KOT generation, and billing integration. Developed a table reservation system with real-time updates and integrated table management features. Incorporated customer feedback mechanisms, loyalty programs, and reporting tools for improved service quality and operational insights. Integrated the module with POS systems for seamless data flow and collaborated with cross-functional teams to ensure effective module utilization.

Internship

Techpile Technology Pvt. Ltd

Aug 2023 - Feb 2024 (7 months)

I'm working towards becoming a proficient full-stack web developer. I've gained hands-on experience with modern web development tools and frameworks during my training. I am dedicated to improving my skills further to have a positive impact in the industry.

Summer Training

Techpile Technology Pvt. Ltd

Aug 2022 - Oct 2022 (3 months)

During this training, my aim is to become proficient in both front-end and back-end technologies, crafting seamless and user-friendly web applications.

EDUCATION

Government Polytechnic Unnao

Diploma in Computer Science & Engineering
2020 - 2023

Christ Church Inter College

Highschool & Intermediate
2016-2020

PROJECTS

E-commerce Website

Developed a fully functional e-commerce website using Django, a Python web framework. Applied expertise in both front-end and back-end development to create a seamless online shopping experience.
